FOCA's Value to Waterfront Ontario

WHY YOUR ANNUAL SUPPORT MATTERS

FOCA is the province-wide umbrella group for Ontario's waterfront residents – whether seasonal or permanent. We have more than 525 lake and road association members across the province, representing a total of 50,000 member families.

Our united voice carries weight on issues that matter.

Over the years, members have answered FOCA's "**calls-to-action**" to write government on important issues including acid rain, voting rights for seasonal residents in municipal elections, the gradual phase-in of changes to property tax assessments (in a 4-year cycle), and the end of the seasonal rate class for electricity pricing. That advocacy effort alone saved 84,000 affected seasonal families thousands of dollars, when the Ontario Energy Board agreed to phase-in changes over 10 years to prevent bill impacts of more than 10% per year. FOCA also lobbied for seasonal owners' rights to shelter at their waterfront residences during the pandemic.

FOCA is the hub of a **network of peers**, serving lake and road associations, while protecting the waterfront environment for future generations of families to enjoy. Association members access resources: foca.on.ca/association-bmps/

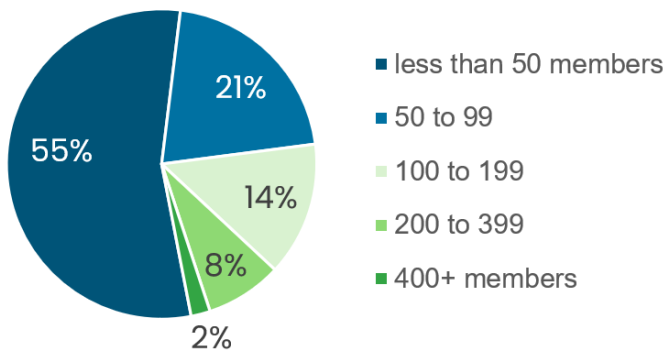

FOCA works year-round on **priority topics** that affect waterfront residents AND healthy waterfronts. Learn more about hot topics, long-standing files & FOCA's **environmental programs**: foca.on.ca/issues-programs/

FOCA is the voice of the waterfront to government, the media, and science & research partners. Read FOCA **reports** on septic systems, short-term rental, preventing invasive species, wake & healthy shorelines: foca.on.ca/publications/

What are association peers saying about FOCA?

"What would I do without FOCA for advice? Thanks for **sharing others' winning ideas.**"

~Jayne C., Association Member

"A very big thank you to FOCA for providing us with valuable resources for our lake association. **We promote our FOCA membership as an excellent benefit to members, and a well-spent part of the annual membership fee.**"

~ Kate O., Association Member
